

Wynne Alex Showroom and Design Studio

We welcome you to come and view our vast collection of home furnishings including private label furniture, vintage textiles, artfully designed pillows, featured Dhoku rugs and unique artwork, mirrors and lighting.

Our showroom is truly eclectic. Relaxed luxury meets modern whimsical. Old meets new. Our handcrafted, colorful accessories are paired with more classically tailored furniture lines. Organic materials and shapes sit alongside glossy lacquer and acrylic finishes. Whatever your style, superior craftsmanship is a key element across all of our accessory and furniture collections.

We also pride ourselves on our superior customer service and design knowledge; whether you are a designer sourcing unique products for a client or a homeowner seeking interior design services, our experienced design associates are happy to guide and assist you.
